Endorsed by the Best Mechanics

PEERLESS Levels are endorsed by Masons and Brick Layers because of these features:

VIALS—Set solid and protected by heavy crystals.

SOCKETS—Level vials are set in Patented Metal Sockets.

No. 1

No. 7

GLASSES — Large oblong sights, painted White afford clear vision and easy reading in dark places and unhandy positions.

Peerless Carpenters Levels in Wood and Aluminum are equally popular. All are ACCURATE.

Send for prices and Catalog which describes the complete line.
